## Chorus:

**Am7 D G Em**  
There's so much left to learn and so much more to do  
**Am7 C D**  
So much to share, so much with  
**Gsus G Gsus G Gsus G Gsus G**  
You Hey darlin'

And when I hold you in my arms  
It feels so right like you're my lovely star blessed good love charm  
And now I've seen it in the stars  
I know our destiny was to meet again and share our hearts

## Repeat Chorus

So as the days go spinning by  
I'm getting closer yeah but I'm not at all afraid to die  
My love is stronger than their fear  
Even though I'm longer of tooth and hairier of ear

## Repeat Chorus

Now, as we face the Golden Age  
Let's turn our back on all the ignorance and hear the sage  
And ride on Mother Nature's dream  
Back home to the loving One, to share our learning of the stream

## Repeat Chorus

Hey darlin' Hey Dani darlin'
