

# Screw Me Up Inside

---

The thought of you can put a look in my eye  
I share it with you face to face  
A look returned from you can mystify or justify my place

A touch from you can rush the blood through my veins  
and flush emotion into me  
'The Word' re-learned with you can make me high and terrify my soul

I shouldn't share this with you, it puts you one up on me  
If I could get through to you, there's so much you would see

But you, screw me up inside and there is nothing I can do  
there's nowhere I can hide from you

The taste of you can drive my senses insane  
I hunger for you more and more..(and more..)  
I feed on scraps of you I'm losing weight and choosing hate, or love?

I shouldn't share this with you, it puts you one up on me  
If I could get through to you, there's so much you would see  
I shouldn't share this with you, it puts you one up on me  
If I could get through to you, there's so much you would see

'Cause you, screw me up inside and there is nothing I can do  
there's nowhere I can hide from you  
Yeah you, screw me up inside but I could do it to  
'Cause there's nothing you can hide from me

So you, screwed me up inside but there is no more you can do  
there's nothing you can hide from me  
Yeah you, screwed me up inside but I can do it too  
so you'd better run and hide  
Because I'm coming after you, I'm coming after you  
I'm coming, I'm coming, I'm coming after you  
You'd better run, run run run, you'd better run, run run run  
You'd better run, run and hide, because I'm coming after you
