One day, you will know when it's much too late to show  
**G** **D** **CM7** **D** **D7**  
her how you really feel and rehearse your lines of kindness  
**G** **C** **D**  
in an empty room

**G** **D** **Em** **Am7**  
We were all OK Monday to Sunday  
**G** **D** **CM7** **D**  
Given all the time you should have shared with her  
**Am7** **D** **D7** **G**  
It's too late to care for an empty room

**FM7** **C** **FM7** **C** **FM7**  
She never was the type to say or to stand and block your way  
**C** **D**  
but you have studied many subjects

**G** **D** **Em** **Am7**  
Close to you except the one that you  
**G** **D** **CM7** **D**  
were closest to the last time was the last time  
**Am7** **D** **Am7** **D** **D7** **G**  
she tried to tell you, to hurt you With an Empty Room

**G** **D** **Em** **Am7**  
So wake from your bad dream turn and you will see  
**G** **D** **CM7** **D**  
the one who should come first before all us  
**Am7** **D**  
who handles all the fuss

**G** **D** **Em** **Am7**  
And listens to all the words of others you've observed  
**CM7** **D** **Am7** **D**  
the one who's there for you so tell her you are too  
**Am7** **D** **D7** **G** **Em** **D**  
And then she'll fill for you Your Empty Room

Your Empty Room **G** **Em** **D**
