

# Everywhere I Go

[Litmus A Freeman](#)

[G C Am7 D] x 4

G C Am7 D G  
Ever since we met I've been searching for Ways to see you more  
G C Am7 D Em  
And maybe steal a kiss, If it felt right Make it last all night

Em C Am7 Bm  
Are you leading me on, Just singing a song Or do you feel the words  
Em Am7 C  
This vision in my mind, is leading me astray  
D D7 D7sus4  
Every minute of the day

G C Am7 D G C Am7 D  
I can see your face Everywhere I go  
G C Am7 D G C Am7 D.....  
Do you have a place for me let me know

G C Am7 D G  
I'm trying not to search for a sweet release Just to keep the peace  
G C Am D Em  
To free the knot inside will take a little more than I got before

Em C Am7 Bm  
Will you reveal, just how you feel Or keep it locked away  
Em Am7 C  
This vision in my mind, is leading me astray  
D D7 D7sus4  
Every minute of the day

G C Am7 D G C Am7 D  
I can see your face Everywhere I go  
G C Am7 D G C Am7 D.....  
Do you have a place for me let me know  
G C Am7 D G C Am7 D  
I can hear your name Everywhere I go  
G C Am7 D G C Am7 D.....  
Do you feel the same I've just got to know
