

Look Inside

[Litmus A Freeman](#) / AI : Bloomfield

Take the time To realise
You need to find Some peace of mind
To stay here

It takes a little Common sense
To find the Inner confidence
To stay here

Close the paper Open mind
The real world Ain't hard to find
In here

Cross your legs And look inside
Find the inner Light that shines
In here

Chorus:

Out there,
There's a million things to
Take you
Away from what you should be
Doing
With your time on earth so
You've got to Look Inside

Look Inside
Look Inside

*Sit in peace and close you're eyes
See the path and find the guide
In here

Go deep inside and as you roam
You'll find you're on the journey home
In here
