

## Me II

[Litmus A Freeman](#)

**Em** **C**  
If I can't have your heart lets go back to the start  
Cos time as it stands'll never (can't) keep us apart  
If I can't share your soul, I may never be whole  
**Em** **Fmaj7**  
But give me yourself and I'll take control

**Em** **C** **G** **D** **Em** **C** **G** **D/F#**  
Time it was What a time Look at you feel you burning inside  
**Em** **C** **Em** **C** **Em**  
Coming close, I like this game Feel the rush when you feel the same  
**C** **Em** **D**  
Now I'm closer than before and I'm knocking on your door

**Em** **C**  
Back at the start, I was ruled by my heart  
Wanting more than before but it forced us apart  
Though there is nothing more, we could crash to the floor  
**Em** **Fmaj7**  
Before the day that I die I'd like to be sure

**Em** **C** **G** **D** **Em** **C** **G** **D**  
In my mind I touch and turn you We're alone I crash and burn you  
**Em** **C** **Em** **C** **Em**  
I have been down on one knee, Let you, leave you, Set you free  
**C** **Em** **D**  
Come to terms with what must be, There is more than you could see

**Em** **C**  
If I was back at the start, I would rip out my heart  
I would save you and send you to me  
If nothing more we would crash to the floor  
**Em** **Fmaj7** /  
And know how it feels to be free To feel more than all you could see

**Em** **/D** **/C** **/D**  
Want you, (do you, do you)  
**Em** **/D** **/C** **/D**  
Want Me II, (me to, me too) **repeat**

Into You I reach Forever In a Trance we Come Together
