

Prejudice

Everyone born to be
You are one literally
Innocence, purity
But propaganda
Hitting me
Clouds my vision
Giving me
Prejudice
Prejudice

Heritage, history
Hand me down's of bigotry
Stereotyped hypocrisy
My surroundings shaping me
Clouds my vision giving me
Prejudice
Prejudice

Open your mind and let the truth win
Over your lack of understanding

Ignorance, bigotry
Discrimination, hypocrisy
Lack of knowledge generally
Misunderstanding what we see
Propaganda aimed at you and me
Prejudice
Prejudice

Open your mind and let the truth in
Ignorance is misunderstanding

Open your mind and let the truth win
Over your lack of understanding

Black or white, should we care
Shades of grey, everywhere
Man or woman, gay or straight
Human being, you relate
Tolerance is what we need not
Prejudice
