## Chorus:

It's the simple things that make you happy  
It's the simple things that make you smile  
Like the simple things do you remember  
That you used to do when you were a child  
Just the simple things

You know I've tried to live a modern life and all that means  
Striving for all the more and more now the simple truth shines on me

You can't grow and grow and grow  
'cause you'll fall over then you'll know  
You don't need to feed desire  
Throw your ego on the fire

## Repeat Chorus

You know with Love we can rise above and leave behind the dark  
When you find the Truth you don't need proof, you can feel it in your heart

You don't need a lot of stuff  
The Universe gives you just enough  
You just need to take some time  
To get in touch with the you inside

## Repeat Chorus

We're not here to "work", we're here to PLAY  
And learn to Love each other every day  
We're here to Do, we're here to Be  
What we are Naturally

And do the simple things  
Just the simple things
