

Three On Two

[Litmus A Freeman](#)

Blues progression Driving rhythm

Three on two,
him, me and you
Can you see
The fun boys three?
Off on tour
Maybe three on four?!?! (Who knows?)

Pump her tyres
Stoke the cabbage fires
Crank my chain
On the road again
Spin four wheels
How do these two feel?

Climb on top
When her pedals stop
Check her spokes
Take a couple o' tokes
Take her far
By the handle bras

Grind her gears
Handle how she steers
Now the switch
Swap the pedals bitch
Now we're cool
A bunch of ridin' fools

(Double speed)
If her chain goes slack, Grab her round the back
Careful you don't stack, On a pavement crack
Havin' heart attacks, If the cabbage lacks
Buying green in packs, fill your empty sacks
Now you got the knack, ridin' on her back
Give her crank a whack, now you got it mack!

Three on two
Him me and you
Can you see
Where you wanna be?
This is what we do
Ridin' three on two...
