

# Transport 2000

[Litmus A Freeman](#)

[G /A /B C /D - E D /A /B C /D - E /D] x 2

G C D C G C D C  
I've been driving in my car, Not been getting very far, I'd be quicker on a horse  
G C D C G C D C  
Crawling at 10 miles an hour, What a waste of that horse power, A 100 years but still the speed of a horse

Em A7 Em A7 Em A7 C D  
So what's the point of building roads, When you're overtaken by the toads, Getting angry with the guy in front,  
Em A7 Em A7 Em C Am7 D  
Next time I'm gonna take the bus, or ride my bike cos there's no rush Then I can travel with the guy in front

## Chorus:

Cos this is G Transport Em 2000, C life in metal D cans  
Yes this is G Transport Em 2000, A juggernauts in C caravans

[G /A /B C /D - E D /A /B C /D - E /D] x 2

G C D C G C D C  
Today we tried to go to town, spent half an hour drivin' 'round looking for a place to park  
G C D C G C D C  
queue's of traffic everywhere, stacked up high into the air fight for one space with the guy in front

Em A7 Em A7 Em A7 C D  
And the craziest thing of all, a double Decker costs fuck all two old biddies on the bottom deck  
Em A7 Em A7 Em C Am7 D  
But you never see an ad. For double Decker's and it's sad the driver cannot take a cheque

## Chorus

[G /A /B C /D - E D /A /B C /D - E /D] x 2

(Softer)

G C D C G C D C  
So when you need to go somewhere try and see if you can share it could be better for your health  
G C D C G C D C  
Cos driving drives you to despair driving drivers everywhere burning up the planets natural wealth

Em A7 Em A7 Em A7 C D  
We've all got lazy through the years, independent, no one cares, sharing trips means "coming last"  
Em A7 Em A7 Em C Am7 D  
but if we all give it a try, we might recall the reason why we used to like it in the past

## Chorus x 2
