Floa -  ting,    free   in,      free     fall
Feel -  ing,     all    one,     with     all
Wondering,       while  we,      wan -    der
Wandering,       while  we,      won -    der

Why, wondering why,        oh   where do we go when we die?              But
Why, wonder    why    when    why is written in the     sky

Fall -  ing     fas -   ter     fall -   ing
Feel -  ing     for     our     call -   ing
Want -  ing     e -     ver     want -   ing
Wondering       with    out     walk -   ing

When, will we  grow     from     all the seeds that we all sow?          And
Where, do we   go?      And      when we get there will we know?
