## **Chorus:**

I want to be a young age pensioner  
It's a feeling in my head  
I want to be a young age pensioner  
Don't wanna work till I'm dead

Can I step outside today  
Can I make a move and live in my own way  
Or will I wait another year  
And feel another hope inside me disappear

Or can I make a move right now  
And live like when I'm older  
Does the state allow  
Or will I push this boulder  
'Till I die

## **Repeat Chorus**

Will I wake up in my dreams?  
Will the world await me underneath a tree?  
With a rucksack on it's back  
Or will it struggle through another heart attack

Could I shift a gear right now  
And see tomorrow morning  
With a smile upon it's face  
Or just ignore the warnings  
In my life

## **Repeat Chorus Twice**

Don't wanna work  
Don't wanna work  
Don't wanna work till I'm dead
